Coronavirus
COVID-19

WHAT TO EXPECT AT COMMUNITY-BASED TESTING SITES
For Healthcare Facility Workers & First Responders

- **You must arrive in a personal vehicle**
- **Items to bring:**
  - Photo ID
  - Health insurance card (everyone will be tested regardless if they have insurance)
  - Healthcare facility employee or first responder ID/Badge (if applicable)

THINGS TO CONSIDER

- There are **no** bathrooms;
- Each person who needs testing must be seated next to a **working window**;
- All passengers must **stay inside** vehicles from arrival to departure;
- Try to **limit** the people in your vehicle to those needing testing; and
- There may be **significant wait times**.

ARRIVAL
- Each vehicle will be greeted and directed by personnel in full medical protective gear.

TEMPERATURE CHECK
- Your temperature will be checked using a no touch thermometer.

REGISTRATION
- Each person needing testing will be asked to provide the following:

  - Photo ID
  - First and last name
  - Healthcare facility employee or first responder ID/badge
  - Current address (where you are staying)
  - Best phone number to reach you (indicate mobile/landline)
  - Insurance card (if available)

TESTING
- A healthcare provider in personal protective equipment will provide you with instructions.
- You will be given a tissue to blow your nose and will need to keep your tissue to dispose on your own.
- A soft swab will be inserted deep into your nose to get the necessary sample. This may be slightly uncomfortable; however, the test is quick and should take less than a minute.

INFORMATION & DEPARTURE
- Once the test is complete, you will move to the final station.
- You will be given information to take with you on what to do while awaiting test results. **Please keep this paper until you get your test results.**
- Depart/Exit Community-based Testing Site.
- Follow the instructions on the paper provided by the Community-based Testing Site. Continue to monitor and record symptoms. You will receive test results via telephone.

For medical emergencies, call 911 and notify the dispatch that you may have COVID-19.
