

MyChart Open Notes

Physician notes from recent hospital and clinic visits can be located in MyChart under the Notes tab. These are available upon discharge from the hospital or completion of clinic visit.

- 1. Go to **Visits** across top menu.
- 2. Scroll down to Past Care section and look for the View Notes or View After Visit Summary links tied to each visit.
 - a. Blue dots will appear next to link for those not yet viewed
 - b. Sign up for email notifications for new after visit summaries that also include notes, under Your Menu>Communication Preferences>Appointment to select email related to After Visit Summary

- 3. Click the View Notes link to quickly jump to Notes for that visit.
 - a. You can also select View After Visit Summary link and then choose Notes tab on new screen.
